

Cat Sitting

The cats' names are Amigo (neutered male, tortoise-shell with white underneath, about 4 years old) and Chasse (spayed female, gray tabby, about 2 years old). They're extremely gentle and friendly, and love attention.

The food & water dishes are in the kitchen, to the left of the sink. The litter box is the back of the basement.

House keys are in the garage refrigerator (by the hot tub), in the butter compartment in the door.

As added incentives/thank-yous, feel free to use the hot tub (just put the lid back on and press "clean") and the internet connection (which I'll open before I leave).

Trip Info

I'll be leaving on Friday morning 8/3 and returning Thursday afternoon 8/9.

Schedule

Ideally, I'd like to have somebody drop in to check on the cats and maybe spend half an hour or more giving them some attention on Sunday 8/5, and again on Tuesday 8/7. Please edit in your availability, comments, etc.
